

AAYUSH SHETTY

Enthusiastic and dedicated Information Science and Engineering student

☎ +919740293359 ✉ aayushshetty1015@gmail.com 📁 Portfolio 📍 Mangaluru

Motivated and detail-oriented Information Science and Engineering student with hands-on experience in **full-stack web development** and a research internship focused on **computer vision** and **deep learning**. Proficient in **HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB, Python, Git**, and **GitHub**. Passionate about building **responsive, scalable web applications**, writing clean and maintainable code, and continuously learning modern technologies. Seeking an entry-level Full Stack Developer role to leverage my technical skills, contribute to impactful projects, and grow as a software engineer.

WORK EXPERIENCES

Full Stack Developer | Internship

On-site • Mangalore, Karnataka

Zephyr Technologies

- Develop and enhance **5+ application features** based on project requirements and user needs.
- Implement and test **10+ software components** to improve application functionality and reliability.
- Debug and resolve **15+ application issues** to maintain smooth system performance and reduce recurring errors.
- Collaborate with team members using **Git** and modern development tools across **3+ development workflows**.

Technologies / Skills Used : MongoDB, Express, React, Node.js, Tailwind CSS, PHP

Intern | Internship

Feb 2026 - May 2026

National Institute of Engineering and Technology

On-site • Surathkal

- Completed a **4-month** research internship focused on AI-driven image understanding and model evaluation.
- Evaluated model performance on a dataset containing **9,000+** image-question pairs using **Exact Match (EM)** and other evaluation metrics.
- Performed preprocessing and quality validation for **9,000+** data samples to support reliable model evaluation.
- Assisted in organizing and maintaining research datasets for experimentation and benchmarking.
- Used Python and Git to streamline dataset processing and evaluation workflows.

Technologies / Skills Used : JSON, JavaScript, HTML, CSS

PROJECTS

SmartHire – AI-Powered Recruitment Platform

Mar 2026 - Present

Individual Project

- Developed a full-stack recruitment platform supporting **2 user roles** (Recruiters and Job Seekers) for job posting and application management.
- Built secure user authentication and role-based access control for **100%** of protected application routes.
- Designed and implemented **10+** responsive web pages with a mobile-first user interface.
- Developed **8+** RESTful API endpoints to manage job listings, applications, user profiles, and authentication.
- Integrated MongoDB with **5+** collections for efficient storage and retrieval of recruitment data.

Technologies / Tools Used : React, Node.js, Express, MongoDB

EduManage-Student Management System | Github

Individual Project

- Developed a full-stack student management system supporting **2 user roles** (Admin and Students).
- Implemented **role-based authentication** and secure access to protected modules.
- Designed a MySQL database with **8+ tables** for students, courses, attendance, fees, results, and notices.
- Built **10+ responsive pages** with CRUD functionality for efficient academic management.

Technologies / Tools Used : CSS3, MySQL, PHP, HTML5, JavaScript

SKILLS

Databases :	MongoDB, PostgreSQL, Firebase
Frameworks & Libraries :	React, Express, Node.js, Tailwind CSS
Languages :	English, Hindi, Kannada
Programming Languages :	JavaScript, PHP, HTML5, CSS3
Soft Skills :	Communication, Team Work, Problem Solving, Time Management
Tools & Platforms :	Git, GitHub

EDUCATIONS

AJ Institute of Engineering and Technology

Dec 2022 - May 2026

B.E in Information Science and Engineering

CGPA : 7.68/10

- B.E. in Computer Science and Engineering**, AJ Institute of Engineering and Technology.
